

The Imerys year in images

What a 2016! Highlights include prize-winning product launches, women's empowerment, joining forces with Bill and Melinda Gates to bring clean water to the world's poorest and Phil Sharp's record breaking Channel crossing. Roll on 2017!

We marked #InternationalWomensDay in March 2016 with a series of workshops in the United States, Belgium and France to help overcome limiting beliefs and communicate with confidence.

Our ImerPure water filtration system has been chosen by @Path and the Bill & Melinda Gates Foundation to provide clean water to millions in poverty

Imerys' Calderys division completed the purchase of SPAR, a monolithic refractory manufacturer based in Alabama, US.

The ImerCare P-Scrub bodywash won the 2016 IMA-Europe Innovation award for providing a green alternative to plastic microbeads

Phil Sharp set a new world record crossing the channel in his monohull yacht Imerys in just over nine hours, slashing almost three hours off the previous record.
